

North American Van Lines Relocation Extras

In a time when companies are forced to compromise service and quality in order to reduce costs, North American Van Lines (NAVL) continues to lead the industry in product innovation and value added service. Through our unflinching commitment to meet evolving industry changes, we have expanded our spectrum of service offerings at no cost to our clients.

Working with SIRVA Relocation, NAVL is dedicated to providing our clients and their workforce with the best mobility experience at the lowest total cost to relocate. And what does this mean to you? The exceptional corporate moving services you should expect, as well as a full-service relocation program from one of the world's largest relocation companies -- at no cost to your company or transferees. If relocation dollars aren't in your budget, we have a solution for you.

Lowest total cost to relocate

Researching and comparing separate moving estimates can be a time-consuming and frustrating process for both you and your transferee. Employees receiving a lump sum benefit can't take advantage of pricing and other benefits offered to corporate clients. NAVL provides solutions by offering corporate level discounts and benefits on moving services, while also delivering a full-service relocation program to your transferee at no additional cost. According to industry averages, similar relocation benefits can cost an organization an additional \$3,000-\$6,000 per transferee.

By moving with NAVL, your transferees will receive the preferred pricing, status and benefits of being a large-volume corporate client. This means your transferees will receive free valuation coverage, be exempt from peak season surcharges, get first choice when setting move dates and receive expedited claims settlement. We know how to deliver on the lowest total cost and enhance your transferee's moving experience.

You value your employees...and so do we

In today's market, relocating can be more stressful than ever, but it doesn't have to be. With NAVL, your transferees will have the best mobility experience by gaining assistance every step of the way. North American Relocation Extras ensures that your employees have the resources necessary for a successful relocation, and ultimately a seamless transition into their new roles.

When you choose NAVL as your Household Goods service provider, we can provide your transferee with the following services at no cost:

- Home Marketing Assistance
- Home Finding Assistance
- Mortgage Assistance
- Rental Living Assistance
- Temporary Living Assistance
